

We pack 15 PhD's into every Wyatt instrument.

You'll also find 300 person-years of experience in light scattering technology, 50 patents and a host of engineering innovations. All of which has played a critical role in the research of four Nobel Prize winners, 20 members of the National Academy of Sciences, and thousands of other scientists worldwide in the pharmaceutical, biotech and petrochemical industries. You can read about their work using Wyatt instruments in over 3,500 peer-reviewed publications on our website bibliography. Or you can see for yourself by taking a class at our renowned Light Scattering University. For more information, please contact us at **805.681.9009** or www.wyatt.com. And see why a Wyatt instrument is the perfect fit for your lab.
