

# Application Focus – Viral Vectors and Bio-Nanoparticles

## What's New at Wyatt – A Live Tour of our Support Center

Thursday, June 18<sup>th</sup>, 2020 • 8:00 AM - 11:30 AM PDT  
Virtual Light Scattering Workshops & User Meetings

### Agenda

---

8:00 AM Welcome, Introductions & Meeting Overview

---

#### *Application Focus*

---

8:05 AM Adeno-associated Viruses and Viral Vectors  
Tips and Tricks: *Viral Vector analysis and Protein-DNA conjugate analysis*

8:40 AM Q&A with our Panelists

---

9:00 AM The Light Scattering Toolbox: *Measuring Particle Concentration*  
Secrets to Success: *Particle concentration methods in ASTRA®*  
Secrets to Success: *Particle concentration methods in DYNAMICS®*

9:40 AM Q&A with our Panelists

---

10:00 AM Lipid Nanoparticles and Nanodrug Delivery Systems

10:40 AM Q&A with our Panelists

---

#### *What's New at Wyatt*

---

11:00 AM A Live Tour of our Support Center

---

11:30 PM Conclusions and Wrap-up

---
