

New Methods and Applications in Field Flow Fractionation

Tuesday, October 22nd, 2020

8:00 AM - 11:00 AM PDT

Virtual Workshop & User Meeting

Agenda

8:00 AM Welcome, Introductions & Meeting Overview

Advances in Field Flow Fractionation

8:10 AM Presentation: Advances in FFF-MALS

8:45 AM Q&A with our Panelists

8:55 AM Coffee Break

Experience FFF-MALS in Action

9:00 AM Lab demo: Setting up FFF-MALS experiments

9:35 AM Software demo: Method design and optimization

9:45 AM Q&A with our Panelists

9:55 AM Coffee Break

Application Highlights

10:00 AM FFF Application Highlights: From protein aggregates and conjugates to viral vectors, LNPs, and EVs

10:40 AM Application Q&A with our Panelists

10:55 PM Summary and wrap-up
