

SoCal Light Scattering eWorkshop Series

April 30th, June 25th

Biopharmaceutical Light Scattering Basics eWorkshop

9:15 AM	Web Session opens
9:30 AM	Fundamentals of Light Scattering: <i>Introduction to Light Scattering and Instrument Introduction</i>
10:00 AM	Formulation Development with Dynamic Light Scattering and Introduction to Separation and Characterization Techniques
10:30 AM	Break
11:15 AM	ASTRA Software Demo: Set-up, sample analysis, method-building, data collection & processing
12:00 PM	Round table discussion, open Q&A
