

Northeast Protein & Biotech Users' Meeting

Tuesday, April 12, 2016 · Hilton Boston Woburn

The Solution is Light™

8:30 AM **Breakfast & Registration**

9:00 AM **Welcome & Meeting Overview, Introductions**

9:30 AM **WTC Presentation:** Dan Some
The Light Scattering Toolkit for Formulation Studies

10:00 AM **Guest Speaker:** Dana Filoti, AbbVie Bioresearch Center
Colloidal and Conformational Stability Characterization of a Temperature Responsive Anti-TNF Polymer

10:30 AM **Coffee Break and Poster Viewing**

11:00 AM **Round Table Discussions:** Formulation, Biophysical Characterization, Biomolecular Interactions, Protein Conjugate Analysis, Process Analytics

12:00 PM **Guest Speaker:** Wing-Yee Fu, Momenta Pharmaceuticals
SEC-MALS for the Characterization of a Complex Generic Drug-Glatiramer Acetate

12:30 PM **Luncheon Buffet and Poster Viewing**

1:30 PM **Guest Speaker:** Chris Broomell, Takeda Vaccines
Bringing Understanding to What's Underneath the Peak: Light Scattering's Contribution to a Well Characterized VLP Vaccine

2:00 PM **WTC Presentation:** John Champagne
Small but Bright, the μ DAWN Rises: Innovations and Applications of μ SEC-MALS

2:30 PM **Waters Presentation**

2:45 PM **Product Management at Wyatt:** Izhar Medalsy

3:00 PM **Coffee Break and Poster Viewing**

3:30 PM **Round Table Discussions:** Waters Q&A, SEC-MALS, FFF-MALS, DLS/PALS, ASTRA & DYNAMICS Q&A

4:30 PM **User Feedback & Evaluation forms**

4:35 PM **Conclusion:** Interacting with Wyatt and Wyatt Users; Wrap-up and Close
