

Wyatt Technology RTP Regional Protein & Biotech Users' Forum

June 11, 2015

8:30 AM **Breakfast & Registration**

9:00 AM **Welcome & Meeting Overview, Introductions**

9:30 AM **Guest Speaker:** Donald Kerkow, KBI Biopharma

*Light Scattering: Accelerating Formulation Development, Strengthening
Product Characterization*

10:00 AM **Guest Speaker:** Katherine Bowers, Fujifilm Diosynth Biotechnologies

The Use of Protein Light Scattering Techniques in a Contract Research Environment

10:30 AM **Coffee Break and Poster Viewing**

11:00 AM **Round Table Discussions:** Formulation, Biophysical Characterization, Biomolecular Interactions, Protein Conjugate Analysis

12:00 PM **DYNAMICS Software Demo:** Stephanie Cope, Wyatt Technology

Data Analysis Techniques to Probe Interactions and Colloidal Stability

12:30 PM **Luncheon Buffet and Poster Viewing**

1:30 PM Bob Collins, Wyatt Technology: *Product Updates & Other News*

1:45 PM **Guest Speaker:** John van Zanten, North Carolina State University

Light Scattering Characterization of Protein-Protein Interactions

2:15 PM **WTC Presentation:** Eric Seymour, Wyatt Technology

*Vaccine Characterization by FFF-MALS: When to Take the Plunge, and the Rewards
of Swimming the Channel*

2:45 PM **Coffee Break and Poster Viewing**

3:15 PM **Training Discussions:** ASTRA, DYNAMICS, Application Review, Q&A

4:15 PM User Feedback & Evaluation forms

4:20 PM **Conclusion:** Interacting with Wyatt and Wyatt Users; Wrap-up and Close
