

Southern CA Protein & Biotech Users' Meeting

Tuesday, June 7, 2016 · Green Acres Conference Center

The Solution is Light™

8:30 AM **Breakfast & Registration**

9:00 AM **Welcome & Meeting Overview, Introductions**

9:30 AM **WTC Presentation:** Dan Some
The Light Scattering Toolkit for Formulation Studies

10:00 AM **Guest Speaker:** Jennifer Cooper, Ajinomoto Althea, Inc.
Culling the Herd: Screening for High Concentration Crystalline Protein Therapeutics

10:30 AM **Coffee Break and Poster Viewing**

11:00 AM **Guest Speaker:** Matthew Thompson, University of California San Diego
Characterizing Biologically Responsive Nanomaterials Using Light Scattering

11:30 AM **Round Table Discussions:** Formulation, Biophysical Characterization, Biomolecular Interactions, Protein Conjugate Analysis, Process Analytics

12:30 PM **Luncheon Buffet and Poster Viewing**

1:30 PM **What's New at Wyatt:** Andy Meyer

2:00 PM **WTC Speaker:** Sophia Kenrick
Small but Bright, the μ DAWN Rises: Innovations and Applications of μ SEC-MALS

2:30 PM **Coffee Break and Poster Viewing**

3:00 PM **Short Tutorials & Troubleshooting Topics**
ASTRA Data Processing & Interpretation; Dynamics Data Processing & Interpretation;
Problem Solving: "Have you seen this?" and Applications Consulting

4:00 PM **Conclusion:** Interacting with Wyatt and Wyatt Users; Wrap-up, Evaluations
